Dear Ms. Arnold:

Enclosed please find the 2012 Annual Report for the Massachusetts I&M program addressing the requirements of 40 CFR 51.366(a)-(d). The report documents the continued successful operation of the Massachusetts I&M program.

In your March 2012 letter to Paul Davis about Massachusetts' 2011 Annual Report, you suggested that Massachusetts report the percentage of initially failed vehicles with no known final outcome, before and after filtering out those with expired registrations presumed to have been taken off the road. The Report contains this information in section 3.1.

Please let us know if you have any comments or questions on the attached report. We look forward to continuing to work with you on the Commonwealth's I&M Program.

Sincerely,

Christine Kirby, Director  
Division of Air and Climate Programs  
Bureau of Waste Prevention
